6x

Personalized emails generate up to 6 times higher revenue per email than do non-personalized emails. (Experian Marketing Services, 2013 Email Market Study, Dec 2013)

75%

Over 75% of email revenue is generated by alternatives to generic one-size-fits-all email campaigns. For example, trigger email campaigns account for 21% of email marketing revenue. (DMA UK, National Client Email Report 2013, Feb 2013)

87%

87% of top-performing marketers say targeting campaigns to audience segments and individual consumers is the largest value driver, with 78% listing segmentation as the #1 marketing-automation capability they can't live without. (Gleanster, 5 Marketing Automation Capabilities Top Performers Can't Live Without, Sep 2012)

50%

B2C marketers who take advantage of automation – which includes everything from cart abandonment programs to birthday emails – have seen conversion rates as high as 50%. (eMarketer, Email Marketing Benchmarks, Feb 2013)

A cartoon meme featuring a scientist with a white lab coat and a green apron, wearing large round glasses and pointing upwards with a wooden stick. He has a wide, enthusiastic smile. In the background, there are two other characters: a red alien-like creature on the left and a man with orange hair and a red jacket on the right. The background is a blue gradient with light rays. The text "Good News Everyone" is overlaid in large, white, bold, sans-serif font with a black outline.
